

Limited Warranty

In the unlikely event that your DMX Projector Douser fails to operate properly within 1 year of purchase, Engineering Solutions Inc will, at our option, repair or replace it.

In order to obtain the warranty, you must return the defective unit to us at 1616 Vivante Way Suite A-2, Salt Lake City, UT 84119, postage prepaid, with a copy of your proof of purchase.

This warranty does not cover defects caused by misuse or improper handling, installation, or maintenance by you or your employees or agents.

Engineering Solutions Inc will promptly repair or replace any defective unit as stated, but has no other liability including, but not limited to, liability for damages (whether general or special, direct or indirect, consequential, incidental or exemplary), or for any claim of loss of profits, business or information, or damage to good will, even if we have been advised of such damages.

Except as expressly stated above, the unit is sold 'as is' without warranties of any kind, including implied warranties of merchantability or fitness for any particular purpose.

In the event that any of the foregoing terms are, for any reason, adjudicated to be unenforceable as provided, then any and every such term shall be limited to the extent enforceable, and Engineering Solutions Inc's liability shall be limited to the amount of your purchase price.

These terms are the final, complete and exclusive terms with regard to your purchase of the DMX Projector Douser, and under no circumstances may you otherwise rely on the statements of sales agents.

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Furthermore, some states do not allow the exclusion of incidental or consequential damages, so the above limitations may not apply to you.
